

# Petre Dental

**Adult Care Plans:**

Care plan fees are based on your past dental history where the monthly fee depends on the amount of restorations you have in your mouth.

The benefit of these plans is that although they cost more per month, they cover all your routine treatment according to your needs. They do exclude specialist referrals and laboratory fees or cosmetic work.

So for example, if you need 4 hygiene visits per year, the fee reflects that and they are included in the monthly fee.

Care fees range from £12.85 - £32.99pcm.

**Weekend emergencies:**

The practice takes part in an out of hours emergency service for weekends and bank holidays. All the plans carry insurance which

covers emergency call outs at these times and you only pay £25.00 excess when claiming the fees back.

All our staff can help you to choose the plan that best suits your needs, just ask!

**Credit facilities:**

The practice holds a credit licence allowing us to offer credit facilities on treatments over £600.00 value. We offer interest free credit if taken out for 12 months and 7.9% if taken out for between 2 and 3 years. We are regulated by the FCA.

**Tell a Friend scheme:**

Help us to help our chosen charity "NightSafe" the blackburn based teen homeless charity. For every new patient referral who joins the practice, we will donate £5.00 directly to NightSafe.

**How do I join a Dental plan?**

You just need to book a check-up appointment at which we will assess your needs and help you choose the best plan for you. All you need are your current bank account details, and our helpful staff will help you to complete a registration form and a Direct Debit mandate and authorisation form for practice plan.

In addition to your first monthly payment, a one-off registration fee of £9.50 per adult and £5.00 per child will be charged by practice plan and will be included in your first Direct Debit payment.

If you choose to leave the plan for any reason you can do so by giving us one month's notice. Please note, registration is for a minimum of 12 months. Should you cancel within this time any discounts or treatments applied will be charged in full.

## Welcome

## Taylor made dental plans

### Why choose a dental plan?

By choosing a dental plan, you can help to budget for your dental costs much more easily knowing that the basics are all covered.

As a plan member our dental team is committed to looking after your teeth for life and to keep your smile healthy. We recommend regular hygiene visits and offer specialist preventative treatments to help you keep your teeth healthy.

We offer a variety of dental plans to suit individual needs and even offer corporate plans for business employees at very competitive rates.

As a prevention based practice, we offer children's care plans from the age of 6 - 18 years. All routine treatment is covered including

preventive care. Please note that you must be dentally fit prior to acceptance on a plan.

#### Special membership benefits include:

- Spreading the cost of routine care
- Saving money on routine care
- Save money on additional treatments if needed
- World wide dental trauma
- Emergency call out cover
- Hospital cover
- Oral cancer cover
- Redundancy cover
- Permanent facial disfigurement
